# Managing our creeks workshop

9:30am - 3:00pm Thursday 30th March 2017

Murrurundi RSL Hall (Mayne Street)

Landholders who own or manage land with creek frontage in the Upper Hunter area are invited to a free workshop to get some practical advice on reducing erosion and improving their whole farm environment.

## Topics and presenters

**River erosion and management**  
NSW Soil Conservation Service

**Building creek crossings**  
Department of Primary Industries Water

### Pages River bus tour

See how local landholders are combatting erosion and rehabilitating their riverbanks by:

- installing off-stream water
- managing weeds
- planting natives – what species and where
- managing grazing in riparian zones

## Please RSVP by 17 March:

Morning tea and lunch provided

**Fiona Marshall**  
Major Projects Officer  
Hunter Local Land Services - Scone
