

BELMONT WETLANDS STATE PARK

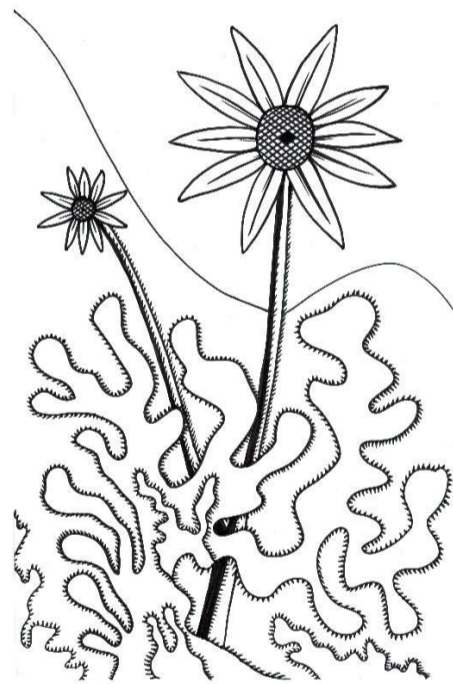

What plant is that?

Tues 2nd and 16th Oct

10am –11.30am (2 x 1.5hr sessions).

Meet at Jewells Crossing Kalaroo Road, Belmont North

Join Friends of Belmont Wetlands and Janet White in the bush to get to know many upper and middle story plants of the Belmont Wetlands. A fieldwork-based exercise to explore the main characteristics of several plant families, how to collect seed and plan for future revegetation areas.

Wear sturdy footwear, hat, long sleeves, long pants, sunscreen, insect repellent and bring a water bottle.

Book your spot 0429 267 234 or bwspprojects@outlook.com
