

Local Leaders Course 2021

Do you want to start a new project?
Enhance an existing initiative?
Take on a community leadership role?
Strengthen your networks?

If you answered yes, then our Local Leaders Course is for you!

This is an opportunity to collaborate and deepen skills to lead, build long-term networks and develop problem-solving skills. This leadership course builds community, rural, industry and government leadership capacity, with resilience and sustainability.

The course will run for nine days in total (3 x three-day residential sessions), involving workshops and project work. Experienced facilitators Global Learning will deliver the program, they have been at the forefront of leadership development for business, government and communities for more than 30 years and have tailored this course for the local needs of the Hunter region.

Places are limited. The course is free and includes course fees, ensuite accommodation, and all meals.
