

Bolwarra Sports Complex Tree Planting

Maitland City Council in partnership with Hunter Regional Landcare Network is organising a community planting event on Saturday March 12 from 9am to 12pm at the Bolwarra Sports Complex on Victoria Road, Bolwarra.

Come and join us to get our hands dirty and plant 400 trees and shrubs that will contribute to providing habitat and a vegetation corridor for native fauna species in the locality. The planting will occur downhill from the tennis court and council will continue enquiring about community's wish to establish a Landcare site in this location.

Council will be providing tools for the planting event and all participants will be given native seedlings to plant in their backyard and create habitat for native birds.

Please ensure that you wear enclosed shoes and a hat and bring your own pair of gloves, plenty of water and sunscreen. There is parking and toilets available at the sports complex.

WHEN: Saturday 12th March 2022 9am - 12pm

WHERE: Bolwarra Sports complex
Victoria Rd, Bolwarra
